THE
eco
TEAM!

Recycling

Last year, at the
eco forum festival, we
promised to recycle
more so....

...we are now recycling
all of our **soft plastic**
too!

Recycle your soft plastic here!

✓ EMPTY

✓ CLEAN

✓ DRY

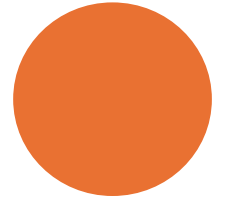

Saving the environment

Last year, we promised to do more for the environment so...

...we bought more litter pickers so that more children could clean up our school!

...we asked the whole school to save water!

Green travel plan

...we walked or wheeled to school much more this year.

We achieved our Modeshift Stars Bronze award too!

Eco allotment

We promised to
grow even more veg and
learn even more about
growing so...

... we
planted
more seeds!

Plant sale

After School Today!

In fact, we grew so many plants this year that we had a plant sale!

Grow our Plants

We have grown so much more this year!
We have grown:

- Giant pumpkins and carving ones
- Sugar snap peas (our favourite!)
- Peas and beans
- Strawberries
- Beetroots and courgettes
- Tomatoes and cucumbers
- Potatoes
- Broccoli and carrots
- Raspberries and blackcurrants

Pumpkin Raffle

We had a raffle to win the giant pumpkins we grew!

...we worked with St Peter's Church, Willow Gardens and Portishead in Bloom.

Harvest

We shared our harvest with St Peter's Church and donated some of our veg to the local food bank.

Well done
St Peter's
eco team!
